The MASON  
LINE

by Chan Mason

A few weeks ago we mentioned in this column the fact that we weren't at all happy about receiving a traffic ticket in the town of Imperial in Imperial Valley. We now read in the February issue of the California Publisher where the Police Chief has been forced to resign.

Two newspapers, The Post and Press of El Centro brought out some very interesting facts; namely that Imperial with 1750 population had collected \$16,000 more in fines last year than El Centro, a town of 40,000 and that more than \$157,000 was collected from traffic fines in eight years. Furthermore, there doesn't seem to be a very accurate record of just what has happened to all that gold, and that the public and press were refused access to police records until the police chief was forced to open them recently. Moral, don't mess with the Press.

Joke of week: A San Diego paper recently reported that a local Superior Court Judge in sentencing a drug peddler (marijuana and heroin) said, "The public is continually clamoring for sterner penalties for drug peddlers, I therefore sentence you to 1 to 10 years in prison." Ha! Betcha the punk is out in 9 months.

We just realized why Western films are so popular: they have such nice guys in 'em. For instance, Roy Rogers and his wife Dale Evans who have just adopted another youngster.

Bought your 1954 auto license tab yet. Amazing, isn't it? Now that the spot light is on school architects, let's expand it to include State Highway Engineers. I'll betcha Imperial Ave. along American Homes has been surveyed 10 times in the last two years without so much as 5c having been spent on reconstruction or improvement.

**STUDY IN CONTRAST**

This week we received a letter from the Chamber of Commerce of the Borough of Queens, N.Y. in which they stated that one of their members was in the business of manufacturing quality merchandise and wished to expand the market and would be interested etc. etc. Nice letter. We answered and asked for details.

This week we talked to two people who had received overtime parking tickets in La Mesa. One party had parked at the meter, found he had no change so went into a store to get some. Gone some three or four minutes, he returned to the meter only to find a local gendarme writing out a ticket. Explaining the situation, he smiled, but he got the ticket.

Our other informant put a nickel in the slot, dropped into her doctor's office and as so often happens was kept waiting and got her ticket nevertheless.

Investigation brought out the fact that the La Mesa Chamber of Commerce had recently decided the meters weren't taking enough and insisted that they be assigned to patrol the meters. Result, two less customers for La Mesa merchants.

That ain't no snowstorm, brother. It's a flurry of bad checks many business people are seeing floating thru the community.

Judge Luther Hussey of the Justice Court says it's as bad as he's seen it since he's served on the local bench. One source of bad checks is a Spring Valley resident.

Record peddler is a Lemon Grove Contractor who has worthless checks strewn the length of Broadway, but the cutest trick of all was pulled by an out-of-county man who gave a worthless check for \$10,000 as payment on a piece of Lemon Grove property and then used the escrow paper to establish credit. Obviously, a man who makes a \$10,000 cash payment on a piece of property is substantial but check cashers awake to the sudden realization that the man was a phony when the checks were returned from an upstate bank. Today's sermon: A check is just a piece of paper unless the signer is responsible.

## Kids Plead For Classrooms

### School Board to Set Policy for Employee Injured

Consideration of a district policy concerning benefit provisions for employees injured on duty will make up part of the agenda when the Lemon Grove School District Board of Trustees meets Monday evening at the school offices on Acacia St. Also to be considered is the first aid requirement for teachers, which will be reviewed and studied.

There will be a report on the School Bond Election Committee's procedure, and at this meeting the board will give further consideration to the establishment of a permanent Citizen's Advisory Committee.

Another item on the agenda for Monday night is the district report concerning custodian and maintenance consideration, listing maintenance projects to be completed.

Citizens of Lemon Grove are urged to take an active interest in the schools of the community, and those who wish to attend this and other meetings of the board are invited to do so.

### Mel Walden, Grove Investor, Dies

Melvin J. Walden, 73, who with Sam Kahn constructed and owned the Davis Food Center building, died last week at his home at 3794 Arnold Avenue. He was owner of several pieces of Lemon Grove property, one near Hussey's law office, for which he was in negotiation with the Post Office Department in Los Angeles for the site of the new Lemon Grove Post Office.

Walden was also owner of the Mel & Cal Cafe at 12th and Market St. He had resided in San Diego since 1918 and was a member of the San Diego Elk's Lodge.

### Dr. Nicholl Given Vision Chairmanship

Dr. Cal Nicholl has been named chairman of the Motorist Vision Committee of the San Diego County Optometric Society. It was announced this week by Dr. Gertrude Ryder, president.

Dr. Nicholl is also treasurer of the society.

### March of Dimes Receipts Off One-Half

The dance of the March of Dimes produced less than one-third of the receipts that last year's did. The whole drive appears headed for about one-half the total of the year before.

Entire receipts can not be determined until the dime contribution cards are totaled at March of Dimes headquarters in San Diego.

In the meantime, workers are busily counting the pennies, nickels and dimes collected in the counter receptacles which were distributed by the Fire Dept. boys to all business locations in the community. It is feared that this total will fall slightly under last year's.

The Mother's March was held in fair weather and seemed to produce about as many contributors as last year but many workers reported smaller contributions.

The balloon sales and the block of dime events accounted for close to \$1,000. There were other events such as the Telethon, under the sponsorship of the Lions Club, which was responsible for about \$300.

The entire Lemon Grove March was taken over by the Kiwanis Club and the Kiwanis-Annes as they did last year. Receipts last year totaled slightly above \$5,000 as compared with about \$3,000 in 1954.

Many individuals worked harder this year than last year to produce the sum. Channing P.

### Scout Troop 171 to Have Party Tuesday

Tuesday night at 7:30 there will be a special party for all members of Scout Troop 171 of Trinity Presbyterian Church, commemorating the birthday of scouting.

On Feb. 11 at 7:30 p.m. the Dessert Pie a-la-mode meeting for all scouts' parents will be held.

The last troop meeting at the church indicated that meeting quarters are inadequate and will continue to be as new members increase the troop patrols to maximum membership.

Mason and Tom Warburton were co-chairmen and a vigorous program resulted.

Helix High students, Girl Scouts and the school bands loaned aid but leaders say that loose change was just not as plentiful this year.

A complete run-down and final total will be announced in next week's issue of the Review.

Civic issues often center about some other than the voter. When this is so, the issues are frequently resolved without full consideration for the ones it affects the most. Such is the coming \$550,000 school bond issue, and being overlooked is a future Lemon Grove generation.

Few of today's parents have experienced double sessions. It was unthinkable that, in our school day, we could not be given school space if we had the determination to attend. In this day of enlightenment, when education and knowledge has, in so many cases, replaced the sweat of the brow, shortage of school facilities has become synonymous with juvenile delinquency and lack of education has resulted in economic ostracism.

The coming election is for 29 classrooms, the plans for which are yet to be completed. That means that interested citizens may dictate, to some extent, the style and cost. The classrooms are for 1,000 students. If these students are required to share sessions, they will share them with 1,000 other students.

What difference does it make to have 2,000 Lemon Grove students on double session? To many of us, it makes no difference. The impact it has on the lives of the double sessions students is another matter. In private interviews we queried some of the youngsters attending our schools in the sixth, seventh and eighth grades. They view double sessions with considerably more alarm than the average taxpayer. Here's what they said:

Pat Boone is the attractive daughter of a Navy family residing at 7220 Waite Drive and is in the eighth grade. "I was on double session in the first and second grades. That was a long time ago. My father was transferred to Hawaii and I went to school there. It took me more than a year to catch up. That year was the hardest school year so far."

Kenneth Hill's father is a shoe store manager. They live at 2324 Berry St. "I don't like double sessions a bit. None of the kids I know like them either. I think that you learn about half as much as compared with full time. It also makes you kind of lazy for learning anything."

Leonard Blottin's father is associated with the city schools and they live at 2568 Bonita St. "I was on double sessions in the sixth grade and I haven't caught up yet. My math went sour and I'm lost in that subject now. So far it messed me up plenty."

Bob Ellis' father is with Navy Electronics at Naval Training Center. They live at 6641 MacArthur Dr. He experienced double sessions and complained of the social shortcomings involved.

"Some of my friends were out while I was in school, then next some of the ones I was in with were out while I was in. It separated me from a lot of fellows I liked."

Ellis Edenfield's father is an aeronautics engineer at Convair. They live at 2285 El Prado.

"I had double sessions in the fifth grade. I found out you can't learn twice as much in half the time."

"Smoking four bit cigars," says Bob Schuick, the local tinsmith, "is no special fun if you can afford it."

"I don't know what I'd do without my wife," said Harold Cole, the local cabinet man. "She never gives me a chance to find out."

I think some of us got lost in some classes. I didn't like it."

Robert Bunch's father is an electrical engineer and they live at 7360 Central.

"When I was in the sixth grade we had double sessions. It made the year seem twice as long. I know I didn't learn much, that year. Double sessions don't make much sense to me."

Barbara Holsclaw is the daughter of W. J. Holsclaw, a San Diego janitor who lives at 8281 Golden.

"When I was in the sixth grade we had it. There was hardly any physical ed. or art. When I got to the seventh grade I was pretty far behind. That made two tough years for me."

Robert Thompson is the son of George Hobson, a carpenter at 8143 Golden Ave. and he had some very definite opinions. "You simply don't learn as much. You don't study at home with all that time and nothing to do. Then your mother gets mad at you because you don't do anything. It's no good."

There you have the youngsters' story. The kids are talking about the loss of something they may never regain. The voters will vote for or against taxing themselves approximately \$4 a year. Any waste in building or unnecessary frills may be eyed by the voter at any of the board of directors meetings.

He who boasts that he knows it all, knows nothing; he who knows that he knows it all, says nothing, according to Bob Runyon, our machine tool man.

Statistics are like alienists—they will testify for either side.

### Lumbermen's Lunch Honors Stephen Westover

A group of San Diego County lumbermen, comprising the San Diego Lumbermen's Association luncheon club, had a testimonial luncheon honoring Stephen Westover, Tuesday at Michael's.

Toastmaster was Max Goodwin, publisher of the Lemon Grove Review, who conducted a gridiron on each of the members present. A special segment of the program was handled by "Frenchy" Faucher, local postmaster. Gene Zeiss, secretary of the association, was chairman of the affair.

The occasion was the 70th birthday of Westover.

Present, in addition to the local men, were Merle Baker, O. B. Evenson, Hilton Nowlin, Cliff Roberts, Joe Smith, Jim Sullivan, Bill Cowling, George Johnson, Harry McGahey, Harold Smith, Paul Steake, J. Sullivan, Bob Sutton and Eugene Zeiss.

### M. H. P-TA to Hear School Bond Speech

The Monterey Heights P-TA will hold its regular monthly meeting Feb. 11, at 7:30 p.m. in the school auditorium. Children of the fifth grades will be presented in a play based on the Founder's Day theme. Mrs. Roberta Smith, chairman for the program is being assisted by the First Grade Mothers.

### Girl Scouts See Tuna Fleet

Girl Scout Troop 863 and their leader Mrs. John Craig, and Troop 334 accompanied by their leader, Mrs. Jack Norr, toured the Van Camp Seafood factory. They saw the tuna being unloaded from the big tuna ships. They saw them being washed very carefully. They also saw the skinning of the fish and watched them being put into cans, salted and oiled, then capped. The troops were told they finished 260 cans in one minute. This goes toward their food badge work.

### Grossmont Concert Group in Membership Drive

Getting ready for the kick-off of the Grossmont Community Concert Association Membership Drive, which will be centered around a dinner meeting at Rose Hedge Manor Monday at 6:30 are left to right: Mrs. C. W. Brown, Mr. H. D. Sessions, Mrs. Amy Sonka and Mrs. J. B. Pearce.

more than a hundred strong from the foothills area, will be guests of honor at the annual membership drive dinner meeting at Rose Hedge Manor Monday at 6:30. The traditional dinner marks the kick-off of the 1954-55 membership drive of the Grossmont Community Concert Association.

Mrs. Aurelia Ferguson, who is in charge of securing talent, will announce artists available for the coming season. The drive will be conducted for one week and artists are decided upon as the result of the revenue from these memberships.

Hugh D. Sessions, president of the association, will discuss advantages of membership. "Subscribers," he stated, "are permitted to attend other community concerts anywhere in the United States on the Grossmont tickets."

Nearby areas which hold concerts to which Grossmont members may use their tickets are Chula Vista, Coronado and Oceanside. A minimum of three concerts is guaranteed for each concert series but Grossmont has always had four to six. Memberships, available only during the week of the annual drive are \$6 for adults, \$3 for students. Membership for next year will be limited to 1,200 persons. A bonus to new members will be admission to the final concert March 15.

Lemon Grove music lovers have been very active in the drives for the past years. Reservations to the dinner may be obtained thru Mrs. Sidney Campbell, dinner chairman, at HO 6-3322 and request is made that reservations be made by Feb. 4.

County Supervisor, Mr. David Bird will issue Eagle Scout awards to Michael Finnerty and Russell Graff. In addition to these two highest awards in scouting, Star and Life Scout awards will be issued to several of the members.

### Grove Students Enrolled at Pomona

CLAREMONT, (Spcl.)—Three Lemon Grove students are among the 1028 enrolled at Pomona College for 1953-54, according to Dr. J. Edward Sanders, dean of admissions.

Elizabeth G. Morse, daughter of Mrs. Emily Morse, 8315 Palm St. and John R. Jensen, son of Mr. and Mrs. John G. Jensen, 2580 Bonita ave. and June Jensen.

James V. Dorman, son of Mrs. R. Dorman, 7615 Circle Drive, is a freshman at Pomona College. Total enrollment includes 568 men and 460 women, 849 of them coming from 166 California communities. Twenty-eight other states have sent 136 students to Pomona. Illinois leads this list with 22, followed by Washington with 16 and Oregon with 15.

### Girl Scout Troop Installs Officers

Girl Scout investiture and installation of officers ceremonies were held Jan. 31 by the San Miguel Troop 896.

The following girls became tenderfoot scouts: Janice Ater, Loretta Ater, Joleen Booth, Diane Eaton, Helen McCormick and Bea Weeks.

New officers installed at the meeting were: Diana Allison, president; Mary Reeder, vice-president; Geraldine Peterson, secretary; Joleen Booth, treasurer.

Co-leader Mrs. Peterson and committee mother, Mrs. Ater, were presented with pins.

Hostesses were the intermediate scouts with Judy Gordon in charge of refreshments. Nancy Taylor presented the colors at the flag ceremony.

Harmon Russell says "The traffic light was terrible. Surely. But more citizens get run down by gossip than by cars."

### THE DIMMER VIEW

By MAX GOODWIN

You'll be paying \$1.25 per pound of coffee in the next 30 days and the Wall Street Journal has conducted considerable research to back up such an announcement in a copyrighted article last week.

They found that heavy frosts in Brazil in July nipped the coffee buds from which 50% of the world's coffee supply comes. This news immediately pushed prices upward. It was November before the full extent of the loss became clear. Frost damage was accentuated by insect-inroads.

This caused a further rise in the green market and wholesale coffee markets.

In the middle of October, wholesale price for coffee was generally 92c and is now up to \$1.01, according to one large roasting firm. The price of green coffee has gone up about twice as much.

It appears that the wholesale price will be \$1.06 a pound within the next several weeks. Small retailers operate on a 20% markup, their selling price would be \$1.25, whereas big distributors who have a 10% retail markup may be able to place it on the market for \$1.18 per pound.

The world's coffee drinkers, it is estimated, are drinking coffee at the rate of 33,000,000 bags per year. That's about three-quarters of a million bags above consumption in 1952.

Restaurant operators in some of the larger cities have already advanced the price of coffee to 15c per cup, and most of them reported that customers are eating less, thus not increasing the average check.

In San Francisco the grocers say "the housewives are hollering but they're still buying."

We have heard at least of one movement under way to have coffeeless Wednesdays and probably tea drinking and milk consumption will increase.

In eastern cities housewives are forming lines at the coffee counter and many are buying as many as 15 pounds at once in order to beat the persistent increases in the price of our morning cup of coffee.

Meanwhile, President Eisenhower has ordered an investigation into the rapidly rising coffee price to see whether manipulation was the cause. Some blame it on the former administration's determination to raise world wide prices and living standards.

Two cafes in Lemon Grove are considering closing during the morning because most of their before noon sales are coffee and at a dime a cup they take lacing.

### Parent's Guild To Meet Next Thursday

In preparation for Catholic Press Month information and discussion on the Book Fair will be one of the main items on the agenda. Father Rice, superintendent of parochial schools in the diocese of San Diego, will be featured speaker.

Paid up membership now stands at 173 members, according to Mrs. Robert Dyer who urges parents to take special note of this February meeting in order to hear Father Rice's traditionally excellent talk.

## Henry Goldy Heads Heart Fund Drive

Henry Goldy, operator of Michael's, 7828 Broadway, is serving as chairman of the Lemon Grove area for the 1954 Heart Fund campaign which began this week. It was announced by George E. Leonard, general chairman of the drive.

Goldy is working under Paige Simpson, chairman for the East County area, and Crowell D. Eddy, vice-chairman of the campaign for all County areas. Goal for this year's Heart Fund in San Diego is \$90,000.

"Money contributed to the Heart Fund should be considered an investment rather than a donation," Goldy said. "When you support the Heart Fund you are investing in research with the hope of finding the causes and then establishing controls over diseases of the heart and circulation."

Seventy per cent of all funds raised in San Diego County will be used for programs carried out here. The rest goes into state and national programs of research, education and community service.

Goldy expressed confidence that Lemon Grove would give strong support to the fight against America's No. 1 Killer, heart disease.

"This is a fight that must be won—diseases of the heart are responsible for approximately half of all deaths in this county, and that includes cancer, accidents, pneumonia, tuberculosis, kidney diseases and the rest," Goldy said.

Under the slogan, "Help Your Heart Fund—Help Your Heart," the campaign will continue through the month of February, Heart Month throughout the United States.

Helix Youths to be 'Execs for a Day'

Out of 365 Junior Achievers in this area twenty-three have been chosen to be "Executives for a Day." Thomas Wallrabenstein, president of Everlight Company of Junior Achievement (11th grader) and Robert Cullmer

"Executives for a Day" held on Feb. 4, will make Solar Aircraft, San Diego Gas & Electric and Rohr Aircraft hosts to these young presidents. They will meet with top management, have lunch with them and "take over" duties of top management for the day.

### MacQueens are Back With Marlin Tale

Two strange faces but carrying a familiar air are back in Lemon Grove.

Bill and Carmen MacQueen have returned from a full month's fishing trip in Mexico, bronzed and happy. Each hooked a marlin and lots of food during their trip down the west coast of Mexico.

The couple went from here to Nogales then headed for Guaymas, Mazatlan and San Blas and Porto Vallarta.

Coincident with their return the Avalon Cafe, which they own and operate, will open this week.

3. thence Easterly along said Westerly prolongation and said Northerly line to the Northeast corner of said Lot 2;

4. thence Southerly along the Easterly line of said Lot 2 and Lot 1 to the point of beginning.

## Citizens Taking Active Part in School Bond Campaign

As evidence of the interest in schools in Lemon Grove, a great number of citizens here have taken an active part in the current school bond election campaign. Those people who have many children attending classes in the elementary schools naturally show an interest in those things which make for better education for their children, but when the interest widens to include those citizens who have very few or no children enrolled, it proves that the people of Lemon Grove are concerned with the community as such, and that they realize the important part played by the schools in building a fine city in which to live.

Many people, during this bond election campaign, have worked overtime in an effort to bring about its passage at the polls on Feb. 16. Among these have been some of the district's larger taxpayers, many retired couples, and active civic workers, all with no direct connection with the schools through their own families and all without selfish interests being furthered by more classrooms for the crowded schools.

Such civic interest certainly deserves a word of commendation from the citizenry of Lemon Grove. P. D.

## Living With Peace of Mind

Kirby Page, noted church lecturer and writer, is giving a series of talks each Wednesday evening at 7:30 during February at the El Cajon Methodist Church. The speaker is sponsored locally by the Lemon Grove Congregational Church, according to Gertrude Seovel, church program director.

Because of the intense interest in what Mr. Page has to say, the REVIEW is publishing a series of his articles during his appearance.

By KIRBY PAGE  
Man does not live by bread alone, but by beauty and harmony, truth and goodness, work and recreation, affection and friendship, aspiration and worship.

Man does not live by bread alone, but by the splendor of the starry firmament at midnight, the glory of the heavens at dawn, the gorgeous blending of colors at sunset, the luxuriant loveliness of magnolia trees, the sheer magnificence of mountains.

Man does not live by bread alone, but by the majesty of ocean breakers, the shimmer of moonlight on a calm lake, the flashing silver of a mountain torrent, the exquisite patterns of snow crystals, the exalted creations of master-artists.

Man does not live by bread alone, but by the sweet song of a mockingbird, the rustle of tall corn in the breeze, the magic of the maestro's violin, the grandeur of Handel's Messiah, the sublimity of Beethoven's Fifth Symphony.

Man does not live by bread alone, but by the fragrance of roses, the scent of orange blossoms, the smell of new mown hay, the clasp of a friend's hand,

San Diego to Be Represented at White House

An invitation to attend a national traffic safety conference, called by President Eisenhower to be held in the White House, Feb. 17-19, has been accepted by Fred H. Rohr, president of the San Diego County Traffic Safety Council.

San Diego County's traffic record last year, which showed a decline of 29 per cent in street and highway fatalities, in contrast to a state and national increase of 3 per cent, has made this one of the nation's outstanding areas in its campaign for traffic safety.

Governors of the 48 states and civic and safety leaders throughout the nation also have been invited to attend the conference, the announced purpose of which is to work out a nation-wide program that will reduce the toll of death, injury and financial loss resulting from traffic mishaps.

long tapes, the amounts growing  
larger as the boys began to tire

A total of \$40 was collected

with Mrs. June Mason, home-

Wayne Austin helped his class

victim himself, told the class that

This technique also helps steer-  
ing because a sliding or spinning  
wheel prevents directional con-  
trol.

The driver can generally feel  
the point at which the brakes  
begin to lock and the wheels  
start sliding.  
Apply brakes gently until it is  
felt that the wheels are starting  
to slide and then release them  
slightly. This is the technique recom-  
mended. However, if this does  
not get results, start the pumping  
technique at once.

last week by the team from Naval  
Air Station. The "Fire Power"  
Show, as it is called by Fire

selves surprised and amused the

other eight weeks in the cafeteria  
of the Roosevelt Jr. High School  
each Wednesday night at 7:30  
p.m. and will include all phases  
of seamanship from first aid to  
navigation.

These classes are free of charge

vessel inspections to assure pas-

## 'Platter Parade'

By BOB TURNBULL  
Don't forget to look for this column weekly now. It's a new one that is here to help you and your selection of records.

Here are some of the top pop hits at Ratner Electric, 745 Broadway in San Diego. "Oh My Papa," Eddie Fisher; "Stranger in Paradise," Tony Martin; "That's Amore," Dean Martin; "Changing Partners," Patti Page and "Make Love to Me," by Jo Stafford.

Want another free record? You do? I'm sure you do too. Here's how you can get a free record with hardly any fuss at all. Simply cut out this article, go down to Ratner's on Broadway, buy at least one record, present this article to one of the clerks, then you'll get a free record with a smile. How's that for a bargain! Couldn't ask for a better one—try it. You'll be doing me, yourself and Ratner's a favor.

This week's recommended records from Ratner's: "Yes Dear" and "Old Country" by Bernice Parks on the Merc label. Also "Walls of Ice" and "There Was a Time" by Tommy Edwards, the guy with the whipped cream pipes, singing on the MGM label.

Want to buy an unusual jazz record? I bought it last week at Ratner's and personally I think it's everywhere. It's "Ping Pong" by Tiny Bradshaw. Buy it and you'll see what I mean.

The place to go—Ratner's (since 1920), 745 Broadway and 835 Fifth. The Broadway phone number is BE-9-5133. Remember their motto: "If it is Recorded, We Have it."

## Golden P-TA to Award Life Membership

The regular meeting of the Golden Ave. P-TA executive board was held Monday evening at the home of Mr. and Mrs. Bert Cosby of 8277 Golden Ave. Mrs. E. B. Middleton presided.

Mrs. Frank Armstrong, in charge of the Founders Day program to be presented to the Association Feb. 11, outlined the evening's events. Outstanding will be the annual Honorary Life Membership Award presented to the person who has done the most for the children and youth of the school. There is always a considerable amount of suspense in the Award, because no one but the Nominating Committee knows who the recipient will be. The brass quartet from the Jr. High vocal supervisor for the district will offer two selections. The benediction will be given by Rev. Dan Apra.

Mrs. I. D. Wilder reported all the blocks had been covered by mothers participating in the "Mother's March" for the Polio Drive.

Mrs. Fred Lower gave a final report on the family the Executive Board had adopted for Christmas.

Hostesses for the evening were Mrs. Frank Greenlee and Mrs. E. W. Middleton.

## Partners Open Auto Parts Outlet

This will introduce Ernie Williams and Bob Sligh who recently opened an auto parts store at 3504 Main St. opposite the Grove Theatre.

Bearing the name of Mid Way Auto Parts it is similar in its operation to the pair's other store on Mid-Way Drive in San Diego. A complete line of functional auto parts at both retail and wholesale levels will be carried. They will be jobber's outlet for Collyer's, one of the Southwest's largest distributors for motor parts.

A stock of about \$25,000 inventory will be carried at all times. "In addition, thru Collyer's, we are in immediate contact with manufacturers all over the country by teletype. We acquire these hard to get parts without additional costs and without additional freight charges to the buyer," said Williams.

The firm has obtained NAPA franchise. The National Automotive Parts Association, for which the initials stand, is recognized as one of the highest orders in this type of sales work in the country.

Williams said the firm would hold to a policy for which the Mid-Way Drive store has become popular. "Coffee will be served every day until noon and there will be a pot on the counter during those hours. Most garage men like it, so we'll do it."

## Grove Man Named To Postal Clerks Credit Board

A Lemon Grove man has been named to the board of directors of the San Diego County Post Office Employees Federal Credit Union.

Jay M. Hopper, 3224 Massachusetts ave., who is a postal employee at La Mesa, was the local man named to the board.

At the first annual meeting of the San Diego County P. O. E. Federal Credit Union, Damon

Roemer, district credit union representative, complimented the organization, which is less than a year old, on its outstanding development.

The organization was started in June, 1953 with 14 members and has now grown to 117 members with assets of \$5,661. Although it is very unusual for a credit union to pay dividends the first year of its operation, members were paid 2.4% on shares and also voted a bonus for treasurer. Salvatore Marchesi was named president.

with careful estimates of the costs

NOW THEREFORE, on motion

requires and it is the intention  
of the Board of Super-  
visors to order the following work  
to be done and improvement to  
be made in said unincorporated

The construction of sewers,

EASEMENT in Lot 17 of  
Lemon Grove Addition No. 1,  
Map No. 731, said easement  
being a strip of land 8 feet  
wide lying 4 feet each side of  
the following described center-  
line; beginning at a point  
on the Southernly line of said  
Lot 17, distant along said

All of the said work hereinaf-  
ter generally described shall be  
constructed in the manner, at the  
locations, within the limits, of  
the materials, and of the dimen-  
sions as shown upon and in ac-  
cordance with the plans, profiles,  
drawings, typical cross-sections  
and specifications therefor, bear-  
ing project number 7613, con-  
tained in Document No. 165749, on  
file in the office of the clerk of  
the Board of Supervisors of San  
Diego County, and copies of which  
are on file in the office of Jean  
L. Vincenz, Director of Public  
Works, and by this reference  
thereto, all said plans, profiles,  
drawings, typical cross-sections  
and specifications are made a part  
hereof.

The said Board hereby deter-  
mines and declares that serial  
bonds shall be issued to repre-  
sent each assessment of twenty-  
five dollars or more, remaining  
unpaid after the full expiration  
of thirty days from the date of  
the warrant, to represent the ex-  
penses of said work and improve-  
ment. Said serial bonds shall ex-  
tend over a period ending nine  
years from the second day of Jan-  
uary next succeeding the next  
October 15th following their date,  
and an even annual proportion  
of the principal sum thereof shall  
be payable by coupon on the  
second day of January every  
year following the next October  
15th after their date, until the  
whole is paid. Said bonds shall  
bear interest at the rate of six  
percent per annum, interest pay-  
able semiannually by coupon, on  
all sums unpaid until the whole  
of said principal and interest  
are paid. Said bonds shall be  
issued and the principal and inter-  
est thereof shall be paid under  
and in pursuance of the Improve-  
ment Act of 1911 and amendments  
thereto.

That the contemplated work  
and improvement hereinaf-  
ter mentioned is in the opinion of  
said Board of more than local  
and ordinary public benefit, and  
the expenses of such work and  
improvement are made chargeable  
upon the district hereinaf-  
ter described, and said Board does  
hereby declare said district to be  
the district benefited by said  
work and improvement, and to be  
assessed to pay the costs and ex-  
penses thereof. Said district is  
described as follows, to wit: All

Supervisors as Document 165750,  
excepting therefrom all public  
streets, roads, alleys, avenues and  
highways. Reference is hereby  
made to said map for a particular  
description of such district.

That it is the opinion of said  
Board that the public interest will  
not be served by allowing the  
property owners to take the con-  
tract for the work to be done  
under these proceedings.

NOTICE IS HEREBY GIVEN  
that on Tuesday, the 9th day of  
February, 1954, at 11:30 o'clock a.

## "Highland Lads And Lassies"

BOB TURNBULL—HO 9-3448

Smile . . . A Helix senior a week after getting her driver's license; and just now gouging someone's car: "Goodness, you're the first man I ever ran into from North Dakota!"

Contest-Time . . . The answer to last week's quiz was Marlon Brando. Congratulations goes to, for the first time, a 13 year old girl at good old Lemon Grove Junior High. Her name is Judy Bates who resides at 7543 Roose-  
velt, here in the Grove. She is presently in the 8th grade. Judy was born in faraway San Diego and has spent most of her days out in our fair city. Miss Bates has blonde hair and brown eyes, she stands 5 ft. 1 1/2 inches high and weighs about 107. She col-  
lects records, likes fried shrimp, is in the majorette corps at L. G. Jr. High, likes horses, subscribes to the REVIEW, likes tennis and is mostly Danish. Does that seem to describe her in short? By the way, Judy has an older sister (a graduate of Helix), and an older brother who is a sophomore at Helix, Barbara and John by name. Thanks Judy for winning —you've just won two tickets to the Lemon Grove Theater. Try again in a month.

Thanks to Noel Brady, Jerry Lindsley, Kris Johnston and others for trying to win the contest; keep trying.

The question for this week is thusly—(you must answer all three of them correctly): (1) Many years ago there was a country named Chosen, what is its modern name? (2) What was Iran formerly named? (3) New York City, N. Y., was named what many years ago? A chicken dinner for two at Richie's goes to the winner.

What's Happening . . . Don Howard of KSDO (San Diego) and Gene Norman of KLCB (L.A.) will present in concert the talented keyboard fingers of George Shearing February 6 (this Saturday) at the Coliseum at 15th and E. Down beat for the evening entertainment will begin at 8:30 p.m. Along with the G. S. quintet will be the battle of the saxes, featuring the horns of "Zoots Sims," "Stan Getz," and "Wardell Gray," three of the highest rated sax men in the music business today. Tickets may be purchased the night of the concert or in advance at Ratner Electric, 8th and Broadway in downtown San Diego. Be there!

February fifth—Friday—Helix versus Lincoln in a roaring basketball game—tickets sold at the game.

Remember—Don Howard presents "Jazz Sessions" from two to six every Sunday afternoon at the Garden of Allah, 3780 Park Blvd., near the Egyptian theater in Diego. He always features San Diego's top jazz musicians.

February ninth—Tuesday night

of the Board of Supervisors of said County, hereby certify that I have compared the foregoing copy with the original resolution passed and adopted by said Board, at a regular meeting there-  
of, at the time and by the vote therein stated, which original resolution is now on file in my office; that the same contains a full, true and correct transcript thereof and of the whole thereof.

WITNESS my hand and the Seal of said Board of Supervisors this 19th day of January, A. D. 1954.

T. H. SEXTON, County Clerk and ex officio Clerk of the Board of Supervisors  
By Porter Cremans Deputy

(SEAL)
